

Chorus Chatter Cincinnati Sound Chorus

We send KUDOS and congratulations to the Region 4 competitors at the Sweet Adelines International Convention in Houston.... *Lucky Day, In Sync, Pride of Kentucky, Scioto Valley and Fourtune Cookies*. The webcast gave us all our opportunity to cheer from home and cheer we did! We are soooo proud of all of you, especially our own Fourtune Cookies.

Earlier this summer, Cincinnati Sound Chorus established the 2nd Monday of the month as an Open Rehearsal evening, inviting women who love to sing to join us as we prepared for our show, and the World Choir Games, and.... I am happy to report that 10 members were presented a rose for surviving their very first show with CSC! They were surprised how quickly the performance ended and what fun they had!

Cincinnati's Got MORE Talent!

Finale with Kings High School Choruses

We all remember our first performance in this organization. We worked really hard to get the music under our belts and then learn choreography! All this and we had to smile!!! We didn't realize that when the audience hears the harmony and breaks into applause our smiles would come easily. There's just that inexplicable joy that comes with mastering a performance and pleasing the audience, that literally "hooks" our singers. This is not to mention the added bonus of the friendships we form.

CSC has several holiday performances and coaching sessions lined up for November and December, and the January World-Wide Open House. These are more experiences our newbies can enjoy while we ALL get to enjoy these newly-found friendships.
